

THE COMMUNITY FOUNDATION FOR CARVER COUNTY

PROFESSIONAL ADVISOR COUNCIL

Since July 2008, The Community Foundation for Carver County has encouraged estate gifts from people who want to invest in future generations through the Foundation's permanent endowment funds.

The Foundation's **Professional Advisor Council** is composed of advisors from the fields of accounting, financial planning/management, insurance, investments, law and trust management who have assisted one or more clients in planning the gift portion of their estate. These planned gifts will ultimately become part of the Community Foundation's endowment to achieve the donor's philanthropic objectives. The Foundation wishes to thank these advisors for helping clients achieve their philanthropic interests.
